ICAI At A Glance

Foreword

The Institute of Chartered Accountants of India

President

Following a glorious tradition of professional excellence, the Institute of Chartered Accountants of India (ICAI) is celebrating Platinum Jubilee year of its sagacious journey. The twin words of independence and integrity combined with technical excellence are the hallmark of Indian accountancy profession. The triumph of this profession, in the transitional period of various regulatory and economic changes such as IFRS based Ind-AS implementation, biggest taxation reform in the form of GST, and new Insolvency regime is all the more noteworthy. All these changes while posing numerous challenges, at the same time also provides equal opportunities to explore and progress.

Domain of accountancy professionals has also broadened, spreading the identity of ICAI within and beyond our national premises. Today, our members have become the true ambassadors and real partners in the socio economic development of the country by espousing the concerns of various sections of society. Launching the Platinum Jubilee celebrations of the Institute, Hon'ble President of India, Shri Ram Nath Kovind Ji had said that being facilitators of taxpayers and of the taxation system as well as the watchdogs of public trust, Chartered Accountants have a key role to play. Let us continue to uphold the pride of this noble profession.

With a national network of 5 Regional Councils and 164 branches located in different parts of our Country, the ICAI ensures that effective services reach to each and every member and student. Recently, elections to the 23rd Regional Councils and branches of ICAI were held and I congratulate all the members of the Regional Councils and all Managing Committee members of Branches of the Regional Councils who are elected for the term 2019-2022.

This background material has been developed to apprise and update our Managing Committee members with all the relevant provisions pertaining to Members, Students and Regional Councils/Branch functioning. This contains provisions of Chartered Accountants Act, 1949; Chartered Accountants Regulation, 1988; Directions of Councils regarding functions of Branches of Regional Councils of ICAI and various decisions of the Institute which the Members, Students and Branches need to comply on regular basis.

I am sure that all elected members will find this compilation very useful in complying with various requirements as office bearers of Regional Councils/ Branches of the Institute and the compilation will be one point ready reference for all.

Foreword

The Institute of Chartered Accountants of India

Vice President

An integral part of India's success story, we not only continued on our journey towards excellence but also achieved many 'firsts' and milestones on the way. By embracing cutting-edge technology, ICAI carved out a niche for itself and emerged as 'pioneer of professionalism, progressive vision and values, and a partner in nation-building as an agent of change'. Having tirelessly upheld a triumphant tradition of converting challenges into opportunities, the story of ICAI has been a story of evolution in different dimensions, particularly in the digital realm.

As you all are aware that, during the launch of Platinum Jubilee celebrations on 1st July 2018, then IFAC President Ms. Rachel Grimes had announced that ICAI would host the next 21st World Congress of Accountants (WCOA) in 2022 at Mumbai. This will be a proud moment for our CA fraternity as well as for the fraternity of whole South Asia, since India will be the first in the South Asia to host this Congress.

We all should feel indebted towards our mother Institute for not only providing us a sound qualification but also our career and identification in this world. Therefore, we should put our hundred percent in all our endeavors. With this thought in mind, I am pleased to welcome all my colleagues who have been elected as the Members of Regional Council and Managing Committees of Branches. For orientation of newly elected members, the background material covering the relevant provisions pertaining to members, students and functions of Regional Councils and Branches and the decisions of the Council and other Board/Committees has been prepared. I am confident that by active and lively participation of all, this orientation programme will be a great learning experience.

I am also confident that as the torch bearers of this profession, we would definitely strive hard in the interest of upholding the professional image in the years to come. All I would like to say is that the life ahead will test the strength of our character and the mettle of our spirit as never before. So we should be a little old fashioned and build our life on the bedrock of ethical conduct. As said by Martin Luther King, Jr., "The ultimate measure of a man is not where he stands in moments of comfort and convenience, but where he stands at times of challenge and controversy".

Brief about Board of Studies

The Board of Studies has a strong legacy of more than six decades of educating and training the students of Chartered Accountancy. Way back in September, 1954, the Council of the Institute of Chartered Accountants of India established a 'Coaching Board' to impart theoretical education to students registered for the Chartered Accountancy Course. The coaching board was established as it was considered that it would be more effective in catering to the needs of the students, rather than relying on the system of recognizing private institutes.

Initially, the registration for the theoretical training was voluntary. However, from 1956 onwards, the same was made compulsory. Since then, any student registering as an articled or audit assistant (earlier, articled or audit clerk) was required to register as a student of the Coaching Board. As the students for the course were scattered all over the country, uniformity was ensured through correspondence course conducted by the Coaching Board. Later in 1977, the name of Coaching Board was changed to "Board of Studies". Today, the Board of Studies is solely responsible for the administration of the Chartered Accountancy curriculum imparting theoretical education to students undergoing Chartered Accountancy course.

With the adoption of distant education mode by the ICAI since 1955, the ICAI has emerged as a pioneer in the field. While taking this responsibility, it has ensured the highest quality and consistency by providing education material and other academic inputs at a highly affordable cost to the students. Through the adoption of model of integrating theoretical education and practical training, it has been able to facilitate the development of not only professional knowledge and skills amongst large number of students but also inculcate professional values and ethics.

The Board of Studies provides a comprehensive package of educational inputs to enable the students to prepare well for the examinations. These include:

- Study material, practice manual, revision test papers, suggested answers, etc.
- Soft skills courses such as Orientation Course and Course on Management and Communication Skills (MCS) under Four Weeks each of Integrated Course on Information Technology and Soft Skills (ICITSS) & Advanced Integrated Course on Information Technology and Soft Skills (AICITSS).
- Information Technology trainings to acquaint students with the tools of Technology under ICITSS & AICITSS.
- Mock tests.
- Model Test Papers and Self Assessment Quiz.
- Webcasts.
- Online video lectures.
- Conventions, conference and other programmes.
- Refresher Course on GST and Ind AS
- Virtual Coaching Classes

Evolving with the times, ICAI is using best of technologies and moved on to have ICAI Cloud Campus (<http://cloudcampus.icai.org>). It galvanizes the power of cloud to reach out to students across the country and abroad and provide education and training at their doorsteps. Simultaneously it provides also one-stop-window for their administrative, examination, enrolment and other requirements.

The Board of Studies has also entered into a Memorandum of Understanding with Indira Gandhi National Open University to enable CA students to acquire B.Com and M.Com degrees.

The Accountancy Profession

Over the years, the Chartered Accountancy profession has achieved rapid growth by virtue of quality professional services being rendered by its members, and has come to occupy a prominent role in our economy and society. As against a meagre membership of 1,700 in 1949, today the membership of the Institute is over 2,70,000. Increasing responsibilities are being entrusted by the Government and the society at large on the members of the profession and their specialized knowledge and skills are being utilized in various fields of activities. Statutory recognition is given to the role of the members of the profession and their audit / certification is insisted upon for various purposes in different statutes.

The Institute is playing a prominent role in the international accounting bodies by virtue of its membership and active involvement in the activities of International Federation of Accountants (IFAC), International Accounting Standards Board (IASB), Confederation of Asian and Pacific Accountants (CAPA) and South Asian Federation of Accountants (SAFA).

Educational Activities

The Institute undertakes educational activities through its Committees. It has three educational committees, viz., Board of Studies, Continuing Professional Education Committee and the Technical Directorate.

As a part of its responsibility to regulate the profession of Chartered Accountancy, the Institute enrolls students for the Chartered Accountancy Course, imparts theoretical education and monitors practical training to be undergone by them as per the requirements of the Chartered Accountants Regulations, 1988. It also holds qualifying examinations for its registered students and issues Certificate of Practice to Members, intending to practice the profession.

Board of Studies

The Board of Studies is responsible for formulating and implementing policies and programmes relating to education of students. The mission of the Board of Studies is to provide a strong foundation of knowledge, skills and professional values that enables them to grow as wholesome professionals and adapt to changes throughout their professional career. The main activities carried out by the Board of Studies on continuous basis are as follows..

- + Preparation and continuous revision of comprehensive study material of all subjects prescribed for students of the Chartered Accountancy courses viz., Foundation, Intermediate Course and Final Course. Other educational inputs like Suggested Answers, Revision Test Papers, Periodical Supplements etc. are also prepared for the students on regular basis.
- + Organizing Oral Coaching Classes, Crash Courses with the assistance of Regional Councils and Branches.

Scheme of Education & Training

Scheme of Education and Training

The Institute of Chartered Accountants of India periodically reviews its scheme of education and training to remain in tandem with developments in the field of education and other changes at the national and global levels. Evolving business and changing environment also demands newer skills from the accounting professionals. ICAI, being a member body of International Federation of Accountants (IFAC), has to comply with the International Education Standards [IES 1 to IES 8]. There has been a shift from "input-based" to "outcome-based" approach. Accordingly, the scheme of education has been designed and implemented from July 1, 2017.

Objectives of the Scheme

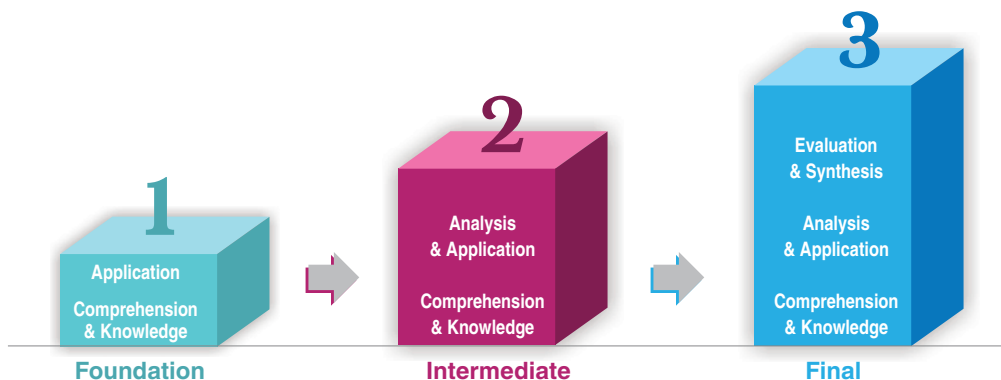

- + Encouraging young talented students having aptitude for accounting education to make an early entry to the profession through Foundation Route.
- + Encouraging graduates and other appropriately qualified students to pursue this course through Direct entry.
- + Complementing theoretical education with practical training.
- + Instilling technical skills through Information Technology Trainings under ICITSS and Advanced ICITSS.
- + Instilling interpersonal and soft skills through Orientation Course and Management and Communication Skills (MCS) Course under ICITSS and Advanced ICITSS.
- + Inculcating professional ethical values and attitudes among students.
- + Inculcating analytical ability among the students through case studies.
- + Globalizing Chartered Accountancy education through organization of education and training abroad.

Progression of Skills over Different Levels:

Basis for Assessment of Professional Competence

Assessment of professional competence of any professional course is essential to enhance the credibility of the profession by permitting only those who meet the profession's competence requirements to become chartered accountants. Therefore, Chartered Accountancy assessment pattern is such that it tests the sufficiency of technical competence, professional skills and professional values, ethics and attitudes acquired during practical training.

The assessment of professional skills would also progress from "knowledge and comprehension" to "application and analysis" and "evaluation and synthesis" over different levels from Foundation to Final; as given below:

Entry Routes to CA Course

Under the Scheme of Education and Training, a candidate can pursue Chartered Accountancy Course either through (i) Foundation Course Route or (ii) Direct Entry Route.

Skill Assessment

under the Scheme of Education and Training - Ensuring Dynamism in Assessment

In context with the Skill Assessment for the Scheme of Education and Training for the subjects at all the levels, students are made aware of the level of skills which would be assessed in respect of each content area and can accordingly prepare for the examination. This would ensure dynamism in assessment, which is one of the principles of assessment laid down under IES 6.

	Part II: Customs & FTP	20%-40%	40%-70%	10%-20%

**NOTE**

1. It may be presumed that the skills specified in Level I are inherent in Level II i.e., only when the candidate possesses Level I skills, he would be able to achieve Level II skills. Likewise, the skills specified in Levels I and II are inherent in Level III i.e., only when a candidate possesses Level I and II skills, he would be able to achieve Level III skills.
2. The weightage assigned to skills for assessment are also the guiding factor for development of study material also. In other words, discussions in the study material would be synchronized with the weightage assigned to the different skills. For example, in line with the weightage assigned to Level III skills, the study material for Final Course should provide for problems involving application of such higher level skills.
3. The skill-wise weightage has not been indicated in respect of Final Course Paper 6 which is an Elective Paper. In this paper, the assessment would be case study/case scenario based, for which higher level skills, namely, analysis, evaluation and synthesis are a pre-requisite.

Skill Assessment Specification Grid

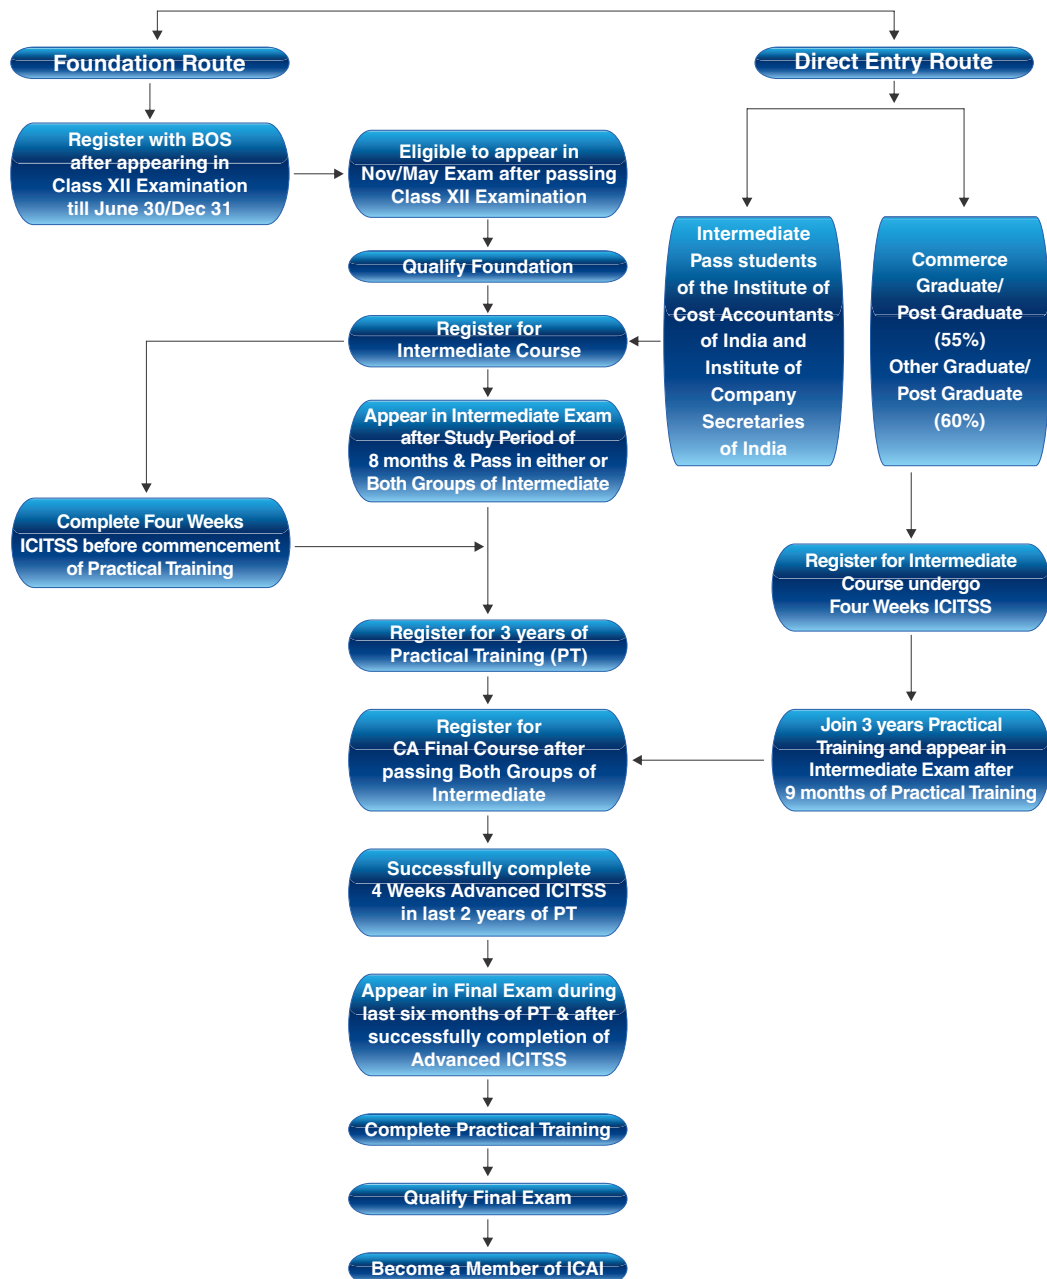

Skill Levels	Manner of Assessment of Skills	Illustrative Verbs used to construct learning outcomes
Comprehension & Knowledge	Defining, stating, enlisting, identifying and explaining concepts / provisions / theories / principles relating to the relevant subject area.	List, State, Define, Describe, Explain, Recognize Identify, Classify, Discuss Combination of verbs: Comprehend and Explain; Identify and explain
Analysis & Application	Application: Applying concepts / provisions / theories / principles in problem solving in non-complex scenarios. Analysis: Applying, comparing and analysing concepts / provisions / theories / principles in problem solving in moderately complex scenarios .	Apply, Examine, Identify Calculate, Reconcile, Solve Combination of verbs: Compare and contrast Analyse, Integrate, Compute, Decide, Solve, Prepare, Advise, Determine, Estimate Combination of verbs: Analyse and apply
Evaluation & Synthesis	Integrating and assessing provisions / principles / concepts / theories to resolve complex problems and issues.	Advise, Integrate, Decide, Evaluate, Recommend, Interpret, Compute Combination of verbs: Analyse, integrate and apply

NOTES

- For demonstrating a higher level skill, the illustrative verbs suggested for describing representative tasks are in addition to the verbs suggested for demonstrating the preceding level skills. For instance, for demonstrating evaluation and synthesis, the illustrative verbs suggested are in addition to the verbs suggested for demonstration of application and analysis.
- The verbs used for demonstrating application skills may sometimes be appropriate for demonstrating analysis also and vice versa. The level of complexity, however, is higher for demonstrating "analysis" as compared to "application". Likewise, the verbs used for Level II may sometimes be appropriate for Level III also. The level of complexity, however, is higher for demonstrating evaluation and synthesis vis-à-vis analysis.

Paper 3

Business Mathematics, Logical Reasoning and Statistics

100 Marks

Objective

1. To develop an understanding of the basic Mathematical and Statistical tools and their application in Business, Finance and Economics.
2. To develop logical reasoning skills and apply the same in simple problem solving.

Contents

Part A: Business Mathematics 40 Marks

1. Ratio and Proportion, Indices and Logarithms

Ratio and Proportion (Business Applications related to Ratio and Proportion) Laws of Indices, Exponents and Logarithms and Anti Logarithms.

2. Equations and Matrices

- i. Equations: Simultaneous linear equations up to three variables, Quadratic and Cubic equations in one variable.
- ii. Matrices: Algebra of Matrices, Inverse of a Matrix and determinants, solving system of equations by Cramer's Rule (involving not more than three variables).

3. Linear Inequalities with Objective Functions and Optimization w.r.t. objective function.

4. Time value of Money

- i. Simple Interest
- ii. Compound interest
- iii. Depreciation
- iv. Effective Rate of Interest
- v. Present Value
- vi. Net Present Value
- vii. Future Value
- viii. Perpetuity
- ix. Annuities
- x. Sinking Funds
- xi. Valuation of Bonds
- xii. Calculations of Returns
 - a. Nominal Rate of Return
 - b. Effective Rate of Return
 - c. Compound Annual Growth Rate (CAGR).

5. Permutations and Combinations

Basic concepts of Permutations and Combinations: Introduction, Factorial, Permutations results, Circular Permutations, Permutations with restrictions, Combinations with standard results.

6. Sequence and Series

Introduction Sequences, Series, Arithmetic and Geometric progression, Relationship between AM and GM and Sum of n terms of special series

7. Sets, Relations and Functions

8. Basic applications of Differential and Integral calculus (Excluding the trigonometric applications), Applications of Marginal Cost and Marginal Revenue etc..

Part B: Logical Reasoning 20 Marks

1. **Number series, Coding and Decoding and odd man out.**
2. **Direction Tests**
3. **Seating Arrangements**
4. **Blood Relations**
5. **Syllogism.**

Part C: Statistics 40 Marks

1. **Statistical description of Data**
Statistical Representation of Data, Diagrammatic representation of data, Frequency distribution, Graphical representation of Frequency Distribution - Histogram, Frequency Polygon, Ogive, Pie-chart.
2. **Measures of Central tendency and Dispersion**
Measures of Central Tendency and Dispersion: Mean, Median, Mode, Mean Deviation, Quartiles and Quartile Deviation, Standard Deviation, Co-efficient of Variation, Coefficient of Quartile Deviation.
3. **Probability**
Probability: Independent and dependent events; mutually exclusive events. Total and Compound Probability and Mathematical Expectation.
4. **Theoretical Distributions**
Theoretical Distributions: Binomial Distribution, Poisson distribution – Basic application and Normal Distribution - Basic applications.
5. **Correlation and Regression**
Correlation and Regression: Scatter diagram, Karl Pearson's Coefficient of Correlation Rank Correlation, Probable Error and Probable limits. Regression lines, Regression equations, Regression coefficients.
6. **Index Numbers and Time Series**
 - a. **Index Numbers:** Uses of Index Numbers, Problems involved in construction of Index Numbers, Methods of construction of Index Numbers.
 - b. **Time Series Analysis -** Components of Time Series and Calculation of Trend by Moving Average Method.

Paper 4 - Business Economics & Business and Commercial Knowledge 100 Marks

Paper 4: Part I - Business Economics

60 Marks

Objective

To develop an understanding of concepts and theories in Business Economics and apply such concepts and theories in simple problem solving.

Contents

1. Introduction to Business Economics

- i. Meaning and scope of Business Economics
- ii. Basic problems of an Economy and role of Price Mechanism.

2. Theory of Demand and Supply

- i. Meaning and determinants of demand, Law of demand and Elasticity of demand – Price, Income and Cross elasticity
- ii. Theory of consumer's behaviour - Marshallian approach and Indifference curve approach
- iii. Demand Forecasting
- iv. Meaning and determinants of supply, Law of supply and Elasticity of supply.

3. Theory of Production and Cost

- i. Meaning and Factors of production
- ii. Laws of Production - The Law of Variable Proportions and Laws of Returns to Scale, Producer's equilibrium
- iii. Concepts of Costs - Short-run and long-run costs, Average and marginal costs, Total, fixed and variable costs.

4. Price Determination in Different Markets

- i. Various forms of markets - Perfect Competition, Monopoly, Monopolistic Competition and Oligopoly
- ii. Price determination in these markets.

5. Business Cycles

- i. Meaning
- ii. Phases
- iii. Features
- iv. Causes behind these Cycles.

Paper 4: Part II - Business and Commercial Knowledge

Practical Training, Industrial Training & Stipend

Practical Training/Articled Training

The unique requirement of practical training/articled training is instrumental in shaping a well-rounded professional and also ensure that students have an opportunity to acquire on-the-job work experience of a professional nature. Such a practical training...

- + Inculcates a disciplined attitude for hard work.
- + Develops necessary skills in applying theoretical knowledge to practical situations.
- + Provides exposure to overall socio-economic environment in which organizations operate.
- + Develops ethical values.

Duration: Three years.

When to Commence

- i. Foundation Route students can commence after completing Integrated Course on Information Technology and Soft Skills (ICITSS) and passing either or both groups of Intermediate Examination.
- ii. For direct entrants coming through Graduation and Post-Graduation route, the practical training commences immediately after registration in Intermediate Course and completion of four weeks ICITSS.
- iii. Students who have passed Intermediate level Examination of the Institute of Companies Secretaries of India or the Institute of Cost Accountants of India can commence only after completing ICITSS and passing either group or both groups of Intermediate Examination.

Students can commence articled training by submitting Form 103 and an agreement on training is to be entered with Principal in Form 102. The entire period of practical training can be served with a practicing member or it can be served partly with a practicing member and partly in an approved industrial establishment as an Industrial Trainee. The period of such industrial training may range between 9-12 months during the last year of prescribed period of practical training. Only students of Final course are eligible for industrial training.

In order to ensure that articled assistants get due training, students who are undergoing practical training can upload the details of work performed by them in web based e-diary system.

Objectives of Training Programme

Main objectives of the training programme include the following:

- i. **Acquisition of adequate theoretical knowledge:** The objectives of the theoretical education meant for the chartered accountancy course are-
 - + to impart necessary technical knowledge in relevant fields;
 - + to build up necessary comprehension and analytical skills; and
 - + to inculcate a professional and ethical approach.

The primary responsibility of imparting theoretical education rests with the Board of Studies through distance learning mode.

The Principal ensures on a day-to-day basis that trainees acquire and assimilate adequate theoretical knowledge with a view to providing strong foundation for building up of a professional chartered accountant. Such a theoretical knowledge can be supplemented by the firm directly by organizing group meetings, inter-firm/ intra-firm meetings, etc.

- ii. **Developing skills in applying theoretical knowledge to practical situations:** A professional accountant is not only required to acquire necessary theoretical knowledge but also to possess necessary skill to apply that knowledge to practical problems encountered by him. Practical training, encompassing sufficient range and depth of work experience, enables a trainee to acquire knowledge and skill by participation in activities performed by professional accountants. The ability to develop solutions to practical problems through application of theoretical knowledge is acquired by the trainees in the course of their practical training. Thus, a training programme must blend theoretical knowledge and practical training. For details, refer to training guide on our website.
- iii. **Inculcating a disciplined attitude:** Practical training scheme also has the effect of disciplining and conditioning the mind of the trainee so that he gets attuned to the work environment and learns the virtues of patience and methodical work. The sincerity, integrity, objectivity and hard work of individual members of the Institute contribute to the position and prestige of the whole profession.
- iv. **Imbibing due professional orientation:** Practical training imparted by a firm of chartered accountants must aim to endow due professional orientation amongst trainees. Apart from virtues of independence and integrity, trainees must imbibe professional orientation towards clients and social consciousness. Ability to communicate and articulate effectively with the client must also be developed as a part of the training programme.
- v. **Developing ethical values:** Practical training also helps the trainees to develop professional competence and related skills as also to acquire certain ethical values and norms expected of professional accountants. Since the trainee, on completion of practical training and on passing the examination, will become a member of the Institute, it is imperative that he must be acquainted with the role of a chartered accountant and the code of ethics.

Design of Training Programme

The Member In-charge of Training (MIT)/Principal may make a detailed assessment of the training environment so as to identify the areas in which the firm must provide training and the contribution which the firm can expect from trainees. Such an assessment will ensure that the training programme is relevant to the needs of the trainees and the firm. The following factors may be considered in this context.

- i. are view of the timing, type and total amount of work generated by the firm;
- ii. an assessment of the partners and staff with the experience, skills and qualifications needed to undertake the work and to provide supervision to trainees;
- iii. availability or otherwise of senior trainees for supervising the work done by junior trainees;
- iv. reviewing the arrangements for instructions, particularly experience needs to be supplemented by theoretical training;
- v. The period for which trainees will be available for work. (The effect of releasing trainees from assignments for courses or study leave must be taken into account); and
- vi. whether there are any deficiencies in the work experience available to trainees and how these may be overcome e.g. by secondment.

In designing the training programme, the following components are considered simultaneously so as to make it meaningful.

- i. Categories of work experience
- ii. In-house theoretical training

- iii. Development of professional attitude
- iv. Phasing of training programme.

The training programme is planned to ensure that the above components are included therein. The above components which are integrated into a logical sequence and which will provide trainees with the skills expected of them, are considered in detail in later paragraphs.

While considering integration of various components of a training programme the following elements are noteworthy:

- i. Assigning progressive work experience commensurate with the expanding abilities of the trainees around:- a number of 'core' assignments for each trainee and further assignments selected to broaden the trainee's experience which will not necessarily be repeated.
- ii. Designing a study plan to ensure that trainees are fully prepared to take examinations for which they are eligible.
- iii. Ensuring that work experience is preceded and backed by practical instruction including briefing before each assignment to ensure that the requirements of Accounting Standards and Auditing Standards relevant to the business of the auditee, etc. are fulfilled and that application of practical techniques to the circumstances of individual clients is properly understood.
- iv. Ensuring that any in-house theoretical training is integrated with practical work experience, which will update the Trainees/Students with latest knowledge and developments.
- v. Assigning higher levels of technical and supervisory responsibility and client contact designed to ensure that personal and managerial skills are developed.
- vi. Ensuring that professional attitude and an understanding of professional ethics are developed by all trainees.

Categories of Work Experience

The categories of work experience are generally grouped as under...

- + Accounting
- + Auditing (including internal audit)
- + Taxation (direct and indirect)
- + Information technology
- + Management services (including services in the field of financial management and corporate affairs)
- + Other areas, if any.

The aforesaid areas generally include the following...

i. Financial Reporting

- + Maintaining of books of accounts - manual or computerized
- + Preparation of financial statements
- + Application of statutory provisions, compliance with AS or Ind AS and other pronouncements of the Institute, etc.
- + Analysis and interpretation of financial statements
- + Preparation of various reports other than financial statements.

- ii. **Auditing** includes statutory audits, audit of various type of business and non- business organizations, tax audit, EDP audit, internal audit, operational audit, management audit and certification work.

- + Preparing audit programmes
- + Audit working papers and documentation
- + Understanding, recording and evaluating internal control system
- + Performing substantive audit procedures
- + Scrutinizing financial statements
- + Compliance with standards of auditing
- + Drafting audit report.

iii. Direct Tax Laws

- + Computation of total income and tax liability of different persons under the income-tax law
- + Determination of advance tax liability and computation of advance tax payable in each installment
- + Computation of interest for delay in payment of advance tax, deferment of advance tax etc.
- + Computation of interest/fee payable under the provisions of income-tax law
- + Assist in preparation of the statement of particulars in Form 3CD and other forms under the income-tax law
- + Assist in preparation and e-filing of income-tax returns
- + Assist in valuation of stocks, securities, etc. under the different provisions of income-tax law
- + Assist in tax planning
- + Assist in drafting of appeals, etc.
- + Assist in procedural compliance under the income-tax law e.g. compliance of provisions relating to tax deduction/collection at source
- + Computation of arm's length price in case of international transaction or specified domestic transaction
- + Computation of deduction under section 91, in respect of income earned by a resident in a country with which India does not have a DTAA
- + Computation of equalisation levy.

iv. Indirect Tax Laws

- + With GST being introduced from July 1, 2017, the work experience in indirect tax laws would entail assisting the Principal in.
 - Obtaining registration for the client
 - Filing of periodical statements, returns and other particulars
 - Determination of eligible credits and GST liability
 - Payment of taxes
 - Determination of interest/fee payable and payment thereof
 - Advising clients in restructuring/redesigning businesses to be in sync with GST laws
 - Reviewing existing contracts of supply of goods and services to analyse the impact of GST thereon and drafting new contracts taking into account the GST laws
 - Consultancy for smooth transition to new regime
 - Preparing case for opinions, drafting of appeals, memorandum of cross objections
 - Tax planning/optimisation.

iv. Information technology including computer applications

Use of skills acquired by the students during the 100 hours Information Technology Training in their actual work areas such as.

- + Use of customised or standard accounting packages, enterprise resource planning, etc.

- + Developing and maintaining data bases
- + Data extraction and analysis techniques
- + E-commerce - audit and legal considerations
- + System development life cycle
- + Business continuity planning
- + Information security
- + Information systems audit
- + Cyber laws and information technology
- + Learn how to e-file/upload information on sites as Income Tax, VAT, ROC, GST and NSDL etc.

v. **Management consultancy and other services** including services in the field of financial management and corporate affairs such as...

- + Preparation of fund flow and cash flow statements and forecasts
- + Projection of working capital requirements
- + Preparation of project reports
- + Preparation and processing of loan applications
- + Amalgamation and merger schemes
- + Planning capital structure
- + Drafting of Memorandum and Articles of Association
- + Formation of Companies
- + Preparation and analysis of Prospectus
- + Raising of capital, new issues and matters concerned therewith including SEBI Guidelines
- + Drafting of Minutes
- + Insolvency/Liquidation proceedings
- + Preparing and Reviewing Budgets.

vi. **Other areas** may include work study, organisational structure, design and conduct of training programmes, corporate planning.

The categorization of work experience as above should not be considered exhaustive or rigid as it is quite likely that working in a particular field may also overlap with other areas. For instance, work experience in the area of accounting and auditing may not be distinguishable in actual practice as both areas are quite inseparable from each other. Further, computers may be used in any of the aforesaid categories of work experience.

Providing Effective Work Experience

To make work experience effective, the following procedures may be observed.

1. The trainee's academic and other background should be ascertained and the work assigned should be such as would give him new experience. It is also preferable to assign all aspects of the work to a trainee in progressive stages rather than small portions of unrelated jobs. Necessary additional briefing should be given to such trainees who do not possess an educational background like a degree in Commerce. The assignment should be discussed with the trainee in advance and he should be informed about the nature of the client's business, the general economic conditions in which client operates and special features, if any, regarding the assignment. The following steps may be taken in this direction:
 - i. ensuring that before undertaking new work, trainees receive the knowledge, skill and understanding required to perform that work effectively;

- ii. providing any further explanation, instruction or correction as may be necessary, as a normal part of the supervisory process;
 - iii. clarifying relevant issues during the review of completed work.
2. In the case of an audit assignment, the trainee should be encouraged to study the audit reports of previous years to acquaint himself with all the relevant facts. Wherever possible, a visit to the client's works should also be arranged. The importance of working papers should also be explained to the trainee.
3. In the case of a tax assignment, the trainees who have acquired sufficient background of tax laws may be briefed about peculiar features of transactions of a client requiring special tax considerations etc. The trainee may be encouraged to study and analyse prior years' assessments, familiarize himself with various admissible and inadmissible deductions and prepare comprehensive draft tax returns, refer relevant case laws etc.
4. For achieving maximum benefit, a review of the working papers must be conducted in the presence of the trainee and additional work or enquiry should be assigned to the same trainee. The review gives a good opportunity to transmit to the trainee the benefit of a senior's skill, experience and knowledge and when conducted on a friendly basis, encourages the trainee to ask questions to appreciate the relationship of his work to the entire assignment and to understand other related aspects of work which might have been overlooked. In brief, it induces the trainee to understand the "why and how" of the matters under consideration. It needs little emphasis that work experience should not be confined to particular areas of work, but should cover all aspects of work in a chartered accountant's office.
5. Review of the work experience by MIT/Principal on a continuous basis would ensure that work performed by the trainee is of requisite standard. Deficiencies in the work experience, if any, noted by the MIT/Principal can be taken care of while allocating subsequent assignments. Such a review would also assist the MIT/Principal in subsequent completion of Training Records.

Industrial Training (Regulation 51)

The Institute, in furtherance of its objectives of providing to the industries, members with adequate knowledge and background of industrial functioning, conceived the concept of industrial training. The concept, inter alia, envisages the preparation of trainees, who intend to build their careers in industries, after becoming chartered accountants, in a manner mutually beneficial.

Training in an industrial/commercial/financial environment provides the trainees with the opportunity to develop a problem-solving attitude and to have an insight into the functioning of the accounts department. It also diversifies their practical experience and helps them in developing the attributes of team work and correlation with members of other professions and disciplines. It is intended to provide the trainees with a new dimension to their experience. This would necessarily involve exposure of trainees to the entire gamut of activities of industrial establishments in a phased and systematic manner. An exposure to the working environment of a large commercial organization will give them an integrated view of its operations. It is essential that the member imparting training in industrial including commercial and financial enterprises, recognizes that perception of the overall business environment is the prime objective of such training.

Eligibility and other conditions for undergoing Industrial Training

- i. An articled assistant who has passed the Intermediate (IPC) Examination / Professional Competence Examination/ Professional Education (Examination - II) or Intermediate examination can serve as an Industrial trainee in any of the financial, commercial, industrial undertakings as may specified by the Council or such other institution or organization as may be approved by the Council from time to time.
- ii. Articled assistant before proceeding for Industrial Training has to intimate his principal atleast three months before the date on which such training has to commence.
- iii. Period of Industrial Training may range between minimum of nine months to maximum of twelve months during the last year of prescribed period of practical training.
- iv. The Industrial Training shall be received under a member of the Institute. An Associate who has been a member for a continuous period of at least three years is entitled to train one industrial trainee and fellow is entitled train two industrial trainee at a time, whether such trainees are articled assistants or audit assistants.
- v. An agreement of training is to be entered in the approved form i.e. Form No. 104
- vi. On satisfactory completion of industrial training, the principal has to issue service certificate in the approved form i.e. Form No. 105.

Industrial training also offers an opportunity to the trainees to take part in specialized accounting exercises. Thus, for instance, the closing of accounts provides an opportunity for them to acquire the skills necessary as a concomitant to the theoretical knowledge which they have acquired earlier. Industrial training may also expose the trainees to management accounting, cost accounting, management information system, EDP etc. It also provides an opportunity to them to participate in the work relating to corporate laws, taxation and secretarial practice.

Part of Practical Training Outside India

Regulation 54A contains a provision whereby a Principal can depute an articled assistant not exceeding six months to any member outside India who is eligible to engage and train such trainees under the bye-laws of an institution or body, etc. set up in the respective country under the relevant Statutes. It may be noted that in such cases, no Deed of Articles need to be executed for such training nor any intimation be sent to the Institute in this regard. Further, the Principal shall include the particulars of such training in the Report to the Council in terms of Regulation 64. Hence, it is an excellent opportunity for articled assistants who are undergoing training in India to get exposure outside India as well. It is not necessary that articled assistant is deputed only to a member of the Institute located in that country. In fact, articled assistant can be deputed to any member of that country's accounting institution or body set-up under the relevant statute provided such member is entitled to train articled assistants (by whatever name called) in that country.

Revised Guidelines for Training of Articled Assistants outside India

- i. A Chartered Accountant is eligible to train an articled assistant provided his main occupation is the practice of the profession of Accountancy at the time of engaging articled assistants as well as in each of the qualifying years on the basis of which he claims eligibility to train articled assistants.
- ii. Any member engaged in any other business, occupation or holding part time certificate of practice is not entitled to train articled assistant.

- iii. Any member employed as a Paid Assistant or engaged as a partner in a foreign firm of Chartered Accountants will also be eligible to train articled assistants at par with the paid assistants with a firm of Chartered Accountants in India. All conditions applicable to the Paid Assistants in India would be applicable to them as well. However, in case of a foreign firm, such a foreign firm shall have at least one partner who is either a member of the Institute or who is eligible to become a member of the Institute, in terms of MRA.

Provided that every Chartered Accountant from ICAI who is registered as an auditor and obtained a license and registration number from the appropriate competent authority abroad to establish a professional firm and carry out the attest function and who meets the international/local experience and expertise criteria laid down by the law shall be eligible to train articled assistants as under.

Category	Period of Continuous Practice	Entitlement of Articled Assistant(s)
(i)	An associate or fellow in continuous practice for a period up to 3 years	1
(ii)	An associate or fellow in continuous practice for any period from 3 years to 5 years	2
(iii)	An associate or fellow in continuous practice for any period from 5 years to 10 years	4
(iv)	An associate or fellow in continuous practice for any period from 10 years	5

It would also be essential for such member abroad to produce the copy of License and certificate of registration issued by the competent authority abroad to him as individual member and to the professional firm with whom he is affiliated to the Institute with current validity at the time of registration of articlehip.

Further where an Indian Chartered Accountant is working as paid assistant in a firm where there is no Indian CA as a partner such paid assistant shall not be entitled to train any articled assistant.

- iv. The members shall provide a professional address as envisaged in Regulation 2(1)(xiii) as well as an address in India.

(As per the said Regulation, professional address means...

- an address of the place where the member is carrying on his profession (or where he is carrying on his profession at more than one place, the principal place), or
 - if a member is employed, the place of employment or at his option the place of his residence
 - the place of residence, if the member neither carried on the profession nor is employed.
- It may please be noted that an address in India is essential in any of the situation).

- v. Since there is full time employment visa instead of Trainee Visa for students who wish to register their articleship with chartered accountants abroad according to the immigration laws of Gulf Cooperation Council (GCC) Countries, so such employees shall be treated at par with the articled assistants registered in India.

It would be essential for such articled assistants abroad to produce the copy of such visa and immigration details along with a copy of passport at the time of registration of articleship. The terms and conditions that may be made

applicable for training articled assistant in India from time to time shall mutates mutandis apply for training of articled assistant abroad.

- vi. The period of practical training shall be 3 years or 3 ½ years, as applicable, under a practising chartered accountant abroad. However, the articled / audit assistants should have an option to undergo industrial training in accordance with the Regulations 51 & 72 of the Chartered Accountants Regulations, 1988 during the last one year of training.
- vii. The Industrial Training may be imparted by the Chartered Accountants working abroad in a financial, commercial or industrial undertaking with minimum fixed assets & minimum total turnover or minimum paid up capital as may be specified by the Council (whatever the value specified in terms of Indian currency may be deemed as applicable in foreign countries in their respective currencies) or such other organization or institution approved by the Council. In case of a member employed outside India, and eligible to impart Industrial training outside India, is unable to submit Annual Report/Balance sheet of the corporate/undertaking the member is working with, the member may submit a self declaration about the particulars of the undertaking along with the application.
- viii. The terms & conditions contained in Regulation 54 and Regulation 54A dealing with secondment shall be applicable to the articled assistants receiving training abroad.
- ix. The Principal shall send training reports as prescribed along with the service certificate to be issued in Form 109 & 108 as the case may be.
- x. The principal shall impart training in accordance with the guidelines contained in Training Guide. He shall maintain a record of practical training imparted by him to the articled assistant and report to the Council in the form prescribed in the training guide.
- xi. The rates, terms and conditions of stipend prescribed as payable to the articled assistants receiving training in India shall be applicable to the articled assistants receiving training abroad except that the same rate of stipend in equivalent terms specified in respective national currencies of the countries concerned instead of Indian Rupees.
- xii. Regulation of training in terms of office hours and working days holidays will be applicable as per local office timings and laws. However, requirements of total training hours will be the same as applicable in India, the terms of which are given hereunder...
 - a. The working hours for the articled assistants shall be 35 hours in a week excluding the lunch break.
 - b. The office hours of the Principal for providing article training to the articled assistant shall not be generally before 9.00 a.m. or after 7.00 p.m.
 - c. The normal working hours for the articled assistant shall not start after 11.00 a.m. or end before 5.00 p.m.
 - d. The working hours for the articled assistants should not exceed 35 hours in a week excluding the lunch break and normally an articled assistant be required to work during the normal working hours fixed for articled assistants.
 - e. In case of exigencies of work with Principal, an article assistant may be required to work beyond his / her

normal working hours. However, under such circumstances, the aggregate number of working hours shall not exceed 45 hours per week. The requirement to work beyond 35 hours in a week should not be a practice but only in exceptional circumstances.

Further, where the articulated assistant is required to work beyond normal working hours, and aggregate of such hours exceed 35 hours per week, he / she shall be entitled to compensatory leave calculated with reference to number of completed working hours, over and above, 35 hours per week.

Further conduct of training will be regulated as per provisions of the relevant Regulations as follows...

Regulation 60: Working hours of an Articled Assistant

"Subject to such directions as may be issued by the Council, the working hours of an articulated assistant shall be 35 hours per week to be regulated by the Principal from time to time".

Regulation 65: Articled assistant not to engage in any other occupation

"Without the previous permission of the Council, obtained on application made in the *approved form, no articulated assistant shall, during the period of his service as an articulated assistant, take any other course of study or training, whether academic or professional, or engage in any business or occupation."

Regulation 66: Enquiries against Articled Assistant

1. Where a complaint or information of any misconduct or breach of Regulation 65 or breach of any of the covenants contained in the articles is received against an articulated assistant from his principal or any other person, the President or the Vice President as the Executive Committee may decide from time to time, may cause an investigation to be made.
2. The Executive Committee may, on a consideration of the report of the investigation and after giving the articulated assistant an opportunity of being heard, make any of the following orders, namely...
 - i. direct that the papers be filed and the complaint be dismissed, if the Executive Committee finds that the articulated assistant is not guilty of any misconduct or breach of Regulation 65 or breach of any of the covenants contained in the articles; or
 - ii. if the articulated assistant is found guilty, reprimand the articulated assistant or cancel the registration of articles or direct that any period already served under such articles shall not be reckoned as service for the purpose of the period of practical training specified in Regulation 50.
3. The articulated assistant, the registration of whose articles has been cancelled under this regulation, shall not, except with the permission of the Executive Committee be retained or taken as an articulated assistant or audit assistant by any member".

Regulation 67: Complaint against the Principal

1. Where an articulated assistant makes a complaint against his principal on a matter concerning his training as an articulated assistant, the President or the Vice- President as the Executive Committee may decide from time to time, may cause an investigation to be made and submit a report to the Executive Committee.
2. The Executive Committee shall submit the report of the investigation to the Council with its recommendations.

3. The Council may, on a consideration of the report of the Executive Committee, pass such order as it may consider expedient, including an order withdrawing the entitlement of the principal to train one or more articled assistants either permanently or for a specified period.
4. The President or the Vice-President as the Executive Committee may decide from time to time, may, pending an investigation of the complaint, either terminate or suspend the articles and allow the articled assistant to be accepted as additional articled assistant by a member, notwithstanding anything contained in Regulation 43.

Secondment/Exchange (Regulation 54)

In order to expose the trainees at large to multi-disciplinary work and variety of business situations, the arrangement of secondment has been provided in the Regulation 54. The procedure relating to secondment enables an articled trainee to gain practical experience, in areas where the Principal may not be in a position to provide the same, in the office of another member in practice on the basis of a mutually agreed arrangement. Secondment is allowed with the consent of the articled trainee from one member to another member who is entitled to train articled trainees in his own right or to a member in industry who is entitled to train industrial trainees. The member to whom the trainee is seconded is not entitled to train more than two such trainees on secondment at a time. The aggregate period of secondment cannot exceed one year. The Council may permit secondment with more than one such member provided the minimum period of secondment shall be four months. Where an articled trainee is seconded to a member in industry, the total period spent in industry including the period of industrial training should not exceed one year. During secondment the member with whom the articled assistant is seconded shall be required to pay the stipend and is responsible for imparting training and maintaining records and also required to forward the records to the principal on completion of period of secondment. The principal is required to include particulars of the secondment in the report to the Council under Regulation 64.

Apart from the secondment of a trainee from one firm to another firm or to an industry, firms may exchange trainees on mutual basis for a limited period to the advantage of firms and trainees. Such an arrangement is also quite flexible like the scheme of secondment and enables the firms to overcome deficiency, if any, in practical training imparted to trainees.

In-house theoretical training

It is another important component of practical training as practical work experience can be supplemented by arranging in-house theoretical training. Such training involves laying the foundation of knowledge and skills on which the work experience is built-up. It is not an alternative to work experience and it cannot compensate for any deficiencies in the quality or extent of work experience within the office. Theoretical training may be provided by the firm or through a group training scheme organized by two or more firms. Some of the advantages may be listed as follows.

- i. Sharing of work experience by one set of trainees with another batch leads to enhancement in overall level of knowledge
- ii. Group-discussion and presentation by trainees in the presence of MIT/Principal not only helps in sorting out ticklish points of a particular client but also in broadening the vision of trainees
- iii. A number of trainees can acquire practical knowledge and practice technical skills simultaneously. This may be more cost-effective than providing individual instruction

- iv. Communication becomes more effective
- v. Trainees can be exposed to latest developments in the field and asked to apply these developments in real-life situations
- vi. The total time devoted by supervisors is reduced as trainees tend to perform better.

A theoretical training programme would include an induction course for new trainees introducing the office, the Institute (in particular, its ethical standards), student training records, basic book-keeping, accounting, theory of auditing and taxation.

Periodic courses throughout the training period, for example...

- + Preparation of statutory accounts
- + Analytical review of accounts
- + Preparation of working papers
- + Basic supervisory skills
- + Hands-on computer training; and
- + Flow-charting internal control system.

In-house theoretical training may be carried out internally by firms or by groups of firms where the size of each such firm does not permit conducting the training programme individually. Such formation of groups would be both economical and effective.

Stipend to Articled Assistants

A person registered as an articled assistant is entitled to receive a minimum monthly stipend as per the rates specified under the Chartered Accountants Regulations, 1988. The current minimum rates of monthly stipend (w.e.f. 23.01.2015) payable, depending on the situation of the normal place of service of the articled assistants are as follows.

	Classification of the normal place of service of the articled assistants	Stipend payable per month (₹)		
		During the first year of training	During the second year of training	During the remaining period of training
1.	Cities/Towns having population of 20 lakh and above	2,000	2,500	3,000
2.	Cities/Towns having a population of 4 lakh and above but less than 20 lakh	1,500	2,000	2,500
3.	Cities/Towns having a population of less than 4 lakh	1,000	1,500	2,000

Permission to pursue other courses of study including guidelines on working hours

Under Regulation 65 and Regulation 78 of the Chartered Accountants Regulations, 1988 an articled/audit assistant cannot take up any other course of study or training, whether academic or professional, without prior permission of the Council. The permission may be granted to an articled/audit assistant, for pursuing one additional course of study at a time during the period of practical training on submission of request in the prescribed form.

Permission to pursue other courses

- i. During the working hours, the articled assistant is not permitted to attend college/other institutions for pursuing any course including graduation. Accordingly, college timings of such course should not be such (after taking into account the time required to commute) which clash with the normal working hours of the articled training.
- ii. To ensure that the working hours do not clash with the graduation or any other course, if any, pursued by the articled assistant, each articled assistant shall be required to obtain specific permission from the ICAI for pursuing graduation or other course as permitted under the Chartered Accountants Regulations by submitting Form No. 112, within one month from the date of joining the college or course to the ICAI.
- iii. The Certificate in Form No. 112 indicating college timings etc. shall be counter-signed by the concerned Principal of the college with the seal and stamp of the College and also indicating the telephone number/s and full address of the College.
- iv. In case a student does not comply with the above requirements or violates any of the above guidelines, his/her articleship period shall not be recognized.

Code of Conduct

Code of Conduct for the Students of Chartered Accountancy Course

The Council of the Institute has laid down 'Code of Conduct for CA Students' to be observed while pursuing Chartered Accountancy Course. This Code of Conduct is applicable to all students who are pursuing Chartered Accountancy Course and includes students who have completed practical training. The 'Code of Conduct for CA Students' is given below.

Preamble

The Council of the Institute of Chartered Accountants of India hereby lays down the Code of Conduct to maintain decorum and discipline amongst the students of the Chartered Accountancy Course. Opportunities for Members

Globalisation has had a positive impact and opened new avenues for the country to establish its distinctive position in the knowledge world. The accelerated economic growth within the country has also increased the demand for skilled and competent human resource. The global accountancy profession has been particularly conscious of this need and has been working towards integration of knowledge and skills to develop competent chartered accountants to keep pace with the growing demands of the knowledge economy.

Chartered Accountancy is a challenging career at the cutting edge of trade, industry and economic growth. The best way for a chartered accountant to leverage knowledge economy is to imbibe its traits - innovation, dynamism and change management being the most significant. It is also critical for them to keep a tab on the technological developments. Finally, they should be able to "MAP the GAP" by integrating their knowledge with the requisite professional skills and values to evolve as competent chartered accountants. No wonder that the Chartered Accountancy is a high status profession and a passport to challenging and rewarding career in industry and commerce. Chartered Accountants possess abilities necessary for deciding and acting upon the high-pressure situations.

Chartered Accountancy is a profession that imparts the best of technical skills in accounting, auditing, taxation, financial and management areas. Chartered Accountants today, have occupied top management positions in public as well as private sectors. They also render professional and consultancy/advisory services in the areas of financial reporting and auditing, taxation, finance, and management accounting.

The society has increasingly recognized the services of CAs in entire gamut of financial reporting and management consultancy including management accounting, management information and control systems, international finance, information technology and financial services sector. CAs today are part of the top management team and hold key positions in the corporate sector. Even in the government, they occupy prominent positions. Rapid changes taking place in the economy have further opened up new vistas of opportunities for the Chartered Accountants. On becoming a Chartered Accountant, you have many options for pursuing challenging and rewarding career.

In this Scheme, the chartered accountant will be equipped not only with the technical competence, professional skills and professional values, but also with ethics and attitudes in order to gear up to take on new roles. The emerging CAs would be able to help industry and small businesses in understanding the nuances and the compliances under the new regime thereby facilitating ease of doing business. CAs would now be able to play a significant role in helping businesses avert risks thereby facilitating the businesses to contribute towards make in India and nation building.

Independent Professional Practice

As practitioners of public accounting, CAs may start professional practice as a proprietor or join any existing firm as a partner or staff member. A CA has been entrusted with substantial responsibility under various legislations such as compulsory audit of the accounts of all companies, banks, cooperative societies, stock brokers, big income-tax assesseees, large bank borrowers, etc.

A Chartered Accountant also provides compilation and review services as and when required by enterprises. While practicing as an independent professional, a CA also acts as a business advisor by providing all kinds of services including the preparation of financial reports, helping the business to secure loans, preparing financial projections showing how the loans will be repaid, and determining the viability of business. As a tax advisor, CA helps business and individuals to comply with tax laws and represent his clients before government agencies.

Global Scenario

Today, the Indian Chartered Accountancy qualification is well recognised in many countries as Indian CAs are taking up attractive global careers. Indian CAs are highly sought because of their skill sets and high quality of education.

The opportunities are simply ever increasing. Today, huge opportunities are available for professionals with specialized knowledge and skills sought by global organizations. These include areas of globally accepted financial reporting, national and international taxation, finance and corporate law. The knowledge of local laws and regulations, of course, places Chartered Accountants in a stronger position to supply services to global organizations entering the Indian Market.

Below given are the opportunities which chartered accountants can avail as per their interest...

Professional Opportunities for Chartered Accountant as a Global Accountant

Knowledge of Ind AS / IFRSs will benefit the Chartered Accountants in a way that they will be able to cater their services as experts in the area of financial reporting in different parts of the world. They would be able to scan the financial statements of multi-nationals and avert probable frauds. Also, for chartered accountants in industry as well as in practice, their mobility to work in different parts of the world would increase.

Further, Ind AS / IFRS requires valuation of assets and liabilities at fair values. For the purpose of fair valuation, our industry will require valuers. Therefore, our CAs may also venture into this new area of valuation by becoming valuers. Certain industries like Banking and Insurance are most affected by the implementation of Ind AS. CAs will have plethora of opportunities to render their services on application of Ind AS to these industries.

Chartered Accountant as an Auditor

Appointment of Chartered Accountants as auditors is mandatory under the Companies Act, 2013, therefore, knowledge gained in auditing subject would be helpful to him while conducting statutory audit of Companies for example listed Companies, Private Ltd. Companies, Government Companies, Banks etc. Under Income Tax Act 1961, Tax Audit is also statutorily required to be conducted by Chartered Accountants, education of Auditing would be imperative to conduct such audits.

Also, certain entities like Political Parties, Co-operative Societies, Non-Profit Organizations are also required to get their accounts audited by Chartered Accountants which would definitely require deep knowledge in auditing. Moreover,

Internal Audit is also made obligatory for certain class of Companies.

Professional Opportunities for Chartered Accountants in the Direct Taxes domain

Audit of Accounts

The provisions relating to tax audit were introduced in the statute book in the year 1984, marking a milestone in the history of chartered accountancy profession in the realm of professional opportunity in direct taxes. Since tax audit was introduced to ensure the accuracy of books of accounts maintained, which forms the basis of computation of income, the responsibility entrusted to chartered accountants. The disclosure requirements under the notified income computation and disclosure standards (ICDSs) also have to be captured in the tax audit report.

Special audit, directed by the Assessing Officer owing to nature and complexity of accounts, volume of accounts, doubts about the correctness of the accounts, multiplicity of transactions in the accounts and interest of revenue, is another important responsibility entrusted to chartered accountants.

Audit of trusts and institutions whose total income without giving effect to the exemption provisions exceeds the maximum amount not chargeable to income-tax in any previous year has also been entrusted to chartered accountants. The exemption available to electoral trusts is also subject to the condition that their accounts are audited by a chartered accountant.

Further, the profit-linked tax deductions from gross total income [Section 80-IA to 80-ID] shall not be admissible unless the accounts of the undertaking eligible for such deductions have been audited by a chartered accountant and the audit report is furnished along with the return of income.

Certification

In addition to audit, there are certain provisions under the Income-tax Act, 1961 which require certification by a chartered accountant. For instance, every company to which the provisions of minimum alternate tax applies have to furnish a report by a chartered accountant certifying the correctness of computation of book profit. There is a similar requirement for every person to whom the provisions of alternate minimum tax are applicable.

Verification

Besides audit and certification, certain requirements under the Income-tax Act, 1961 necessitate statements/returns to be duly verified by a chartered accountant.

For instance, a non-resident having liaison office in India set up in accordance with RBI guidelines has to submit a statement duly verified by a chartered accountant in respect of its activities in a financial year to the jurisdictional Assessing Officer.

Advisory and Compliance Services

In addition, CAs also render advisory and compliance services in the field of direct taxes.

Professional Opportunities for Chartered Accountants in the domain on Goods and Services Tax (GST)

GST has opened up plethora of professional opportunities for the Chartered Accountants in practice as well as in industry. CAs can help in undertaking impact analysis of GST for various industries, manufacturers, traders, service

providers etc. Services of CAs would be most sought for ensuring smooth transition to new tax regime as transition phase would be the time wherein maximum doubts/issues are expected to arise. GST Laws provide for audit by professionals.

CAs, being the audit specialists, may explore the avenue of audit of financial statements under GST. They may also render other assurance services for GST like analysing internal controls, compliance audit, assistance in departmental audits, entrepreneurial consultancy etc. CAs can impart training on GST to businesses to make them understand GST functionality. They can also assist in the training programmes organised by the Government for their officials.

In addition to the opportunities in-house, implementation of GST might also bring in professional opportunities at a global level as GST is one of the most widely implemented tax world-wide. Knowledge of GST will help in decoding tax regimen of other countries thus enabling CAs to provide advisory services and undertaking work in the area of knowledge process outsourcing. Further, CAs may also provide capacity building services across the globe to other countries who intend to implement GST in their countries.

Opportunities for Chartered Accountants in the Field of Finance

e-Initiatives for Students

- (i) **Video Lectures** – The Board has made available Video Lectures for almost all the topics in the CA Course curriculum. These video lectures hosted on ICAI Cloud Campus, teach step-by-step practical problem-solving process on the blackboard for practical topics and provide conceptual clarity for theoretical topics. These lectures are available at https://cloudcampus.icai.org/page.html?page_id=24.
- (ii) **Online Mentoring Sessions** – The Board has also made available recorded online mentoring sessions for some of the topics of the CA Course, which are meant for clearing the doubts of the students related to the topic. These recorded sessions are available at https://cloudcampus.icai.org/page.html?page_id=552.
- (iii) **Webcasts** – The Board had organized LIVE webcasts on the methodology to crack each subject in the Final and Intermediate (IPC) 2017 examinations. Students were able to ask queries on the session/ event topic, which were answered by the concerned faculties subject to availability of time and relevance. The Board had further organized webcasts on specialized topics such as GST, Concurrent Audit, Filing of Income Tax Returns, How to Face Interview, How to Prepare for CA Examination, Drafting of Appeals, Representing before Income-tax Authorities and Appellate Tribunal, Professional Ethics, Compliance for MCA, How to register a Company/ LLP/ Partnership Firm and New Scheme of Education and Training. The Board has made available recordings of these webcasts on the ICAI Cloud Campus at https://cloudcampus.icai.org/page.html?page_id=19.
- (iv) **e-Books** - The Board of Studies in its continuous endeavor to leverage technology for the benefit of the students, has introduced e-Books for all the three levels of the new scheme of education and training, which are available on Digital Learning Hub at <https://learning.icai.org>. E-Books facilitate the students in studying conveniently anytime and anywhere. The e-Books are reflowable and responsive for convenient learning on smart phones, tablets and laptops/ desktop computers. The students are able to annotate and make notes.

The Board of Studies is in the process of enhancing these e-Books by including video lectures in the study material at relevant places.
- (v) **BoS Knowledge Portal** – The Board of Studies has taken initiative to collate and present all the BoS publications and other content under one umbrella in a very clear and easily accessible manner by providing content scheme-wise, course-wise, paper-wise and chapter-wise on BoS Knowledge Portal at https://www.icai.org/new_post.html?post_id=5720&c_id=314.

Annexure – II: National Policy on Mock Test

Mission statement

To prepare the students for achieving successful and sustainable results in the Examination by providing a platform to appear real like examination as far as possible.

Objectives

A mock test is a practice examination for the students before their actual examination to analyze their potential in the examination hall. Mock test has several purposes, some specifically for the student which are as under:

- It gives the student a good idea of what to expect, and useful practice in time management.
- It can boost the morale of the students and enhance their confidence.
- It can be a wake-up call for the students who are not preparing well for their examination.
- It can highlight the areas that really need more preparation.
- It gives a picture to the faculty as to how individual students are preparing for the examination and who might need some extra effort and help.
- It also gives an indication to the faculty on the topics that majority of the students have failed to understand and requires repeat classes.

Procedure for organizing Mock Test by Regional Councils, Branches

- Regional Councils, Branches and Accredited Institutions would conduct Mock Tests for the benefit of the students by giving wide publicity so that large number of students can participate. This would help the students to assess their preparation for the examination.
- The organizing centers would be informed the date of the mock test by the BoS and accordingly, the centers would arrange to organize the test. BoS will send the papers of the mock test to the organizing centers.
- The centers would inform the students to appear for the mock test through announcement and by sending mass SMSs to the students. Further, BoS will publicize the mock test through Newsletter, mass mail and sms at National Level.
- After the date of mock test is decided, the organizing centres would engage invigilators and other supportive staff depending on the number of students taking the test. The prescribed norms for engaging invigilator to the students are on the proportion of 1:30.
- Mock test would be conducted twice in a year during March & April for May Examination and during September & October for November Examination for Intermediate and Final level.
- Date and time of the mock test will be announced by the BoS in advance.
- Students are advised to attempt at least two mock papers under examination conditions.

- The key answers to the mock test will be uploaded on the website as well as sent to the organizing centers by BoS after each test.
- Special Counseling session will be arranged for the students to remove their doubts, if any regarding the mock test papers.
- After the mock test is over, the answer books would be handed over to the evaluator selected by the organizing centre for evaluation. The remuneration of mock test answer books may be paid @ Rs.50/- per book. The result of the mock test is to be displayed in the notice board for the students. In all circumstances, the evaluation of the answer books needs to be completed 10 days before the date of main examination.
- Detail reports consisting list of the students appeared in the mock test, their final markings and results, expenditure statement audited by the Regional/Branch Auditor would be sent to the BoS for reimbursement and record.
- BoS will develop online utility to upload these information for better governance and quality check.
- Regional Council, Branches and the Accredited Institution may charge a sum of Rs.100/- per student per paper to inculcate seriousness among the participants and meet minimum expenditure.

Specific Grant:

In case, if any Regional Council / Branch is short of space, it may hire a suitable hall for holding the mock test. The deficit, if any, towards hiring a hall, payment to evaluators and other miscellaneous expenses for conducting mock test may be accounted under "One Day Seminar – Mock Test Grant" which is admissible upto Rs.30,000/- per mock test.

No specific grant would be provided to accredited institution for conducting mock test.

The Branches and Regional Councils are required to maintain the Student attendance register records, which are to be daily signed by the students attending the mock test. The reimbursement would be made on the basis of the attendance record submitted duly verified by the Auditor of the concerned Regional Office or Branch.

Monitoring:

- In order to ensure effective monitoring and smooth conduct of the mock test, the Board may depute the Regional Head/BoS Officials and / or authorize / engage a third party.
- The Organizing Centres would ensure compliance with the guidelines and give a report including students' feedback for after completion of each batch to the Director, Board of Studies in prescribed format which is enclosed herewith.

General Guidelines:

- The blank answer books for the mock test would be provided by the organizing centres on the day of the test.
- Mock test answer books after evaluation can be returned to the students. The organizing centres can arrange one-to-one meeting with the evaluators to interact with the students and discuss with them about their weaknesses/performance in the mock test and guide them in improving so as to appear for the main examinations confidently.
- The organizing centres can provide the suggested answers to the examinees.
- Students can clear their doubts with the evaluators, faculty, if any after the mock test is over.

Feedback on Mock Test

Annexure – VI: National Policy on Mock Test

Mission statement

To prepare the students for achieving successful and sustainable results in the Examination by providing a platform to appear real like examination as far as possible.

Objectives

A mock test is a practice examination for the students before their actual examination to analyze their potential in the examination hall. Mock test has several purposes, some specifically for the student which are as under:

- It gives the student a good idea of what to expect, and useful practice in time management.
- It can boost the morale of the students and enhance their confidence.
- It can be a wake-up call for the students who are not preparing well for their examination.
- It can highlight the areas that really need more preparation.
- It gives a picture to the faculty as to how individual students are preparing for the examination and who might need some extra effort and help.
- It also gives an indication to the faculty on the topics that majority of the students have failed to understand and requires repeat classes.

Procedure for organizing Mock Test by Regional Councils, Branches

- Regional Councils, Branches and Accredited Institutions would conduct Mock Tests for the benefit of the students by giving wide publicity so that large number of students can participate. This would help the students to assess their preparation for the examination.
- The organizing centers would be informed the date of the mock test by the BoS and accordingly, the centers would arrange to organize the test. BoS will send the papers of the mock test to the organizing centers.
- The centers would inform the students to appear for the mock test through announcement and by sending mass SMSs to the students. Further, BoS will publicize the mock test through Newsletter, mass mail and sms at National Level.
- After the date of mock test is decided, the organizing centres would engage invigilators and other supportive staff depending on the number of students taking the test. The prescribed norms for engaging invigilator to the students are on the proportion of 1:30.
- Mock test would be conducted twice in a year during March & April (by end of April) for May Examination and during September & October (say 15th October) for November Examination for IPC and Final level.

- For CPT, Mock test would be conducted twice in a year during May & June (say 5th June) for June Examination and during November & December (say 5th December) for December Examination.
- Date and time of the mock test will be announced by the BoS in advance.
- Students are advised to attempt at least two mock papers under examination conditions.
- The key answers to the mock test will be uploaded on the website as well as sent to the organizing centers by BoS after each test.
- Special Counseling session will be arranged for the students to remove their doubts, if any regarding the mock test papers.
- After the mock test is over, the answer books would be handed over to the evaluator selected by the organizing centre for evaluation. The remuneration of mock test answer books may be paid @ Rs.50/- per book. The result of the mock test is to be displayed in the notice board for the students. In all circumstances, the evaluation of the answer books needs to be completed 10 days before the date of main examination.
- Detail reports consisting list of the students appeared in the mock test, their final markings and results, expenditure statement audited by the Regional/Branch Auditor would be sent to the BoS for reimbursement and record.
- BoS will develop online utility to upload these information for better governance and quality check.
- Regional Council, Branches and the Accredited Institution may charge a sum of Rs.100/- per student per paper to inculcate seriousness among the participants and meet minimum expenditure.

Specific Grant

In case, if any Regional Council / Branch is short of space, it may hire a suitable hall for holding the mock test. The deficit, if any, towards hiring a hall, payment to evaluators and other miscellaneous expenses for conducting mock test may be accounted under "One Day Seminar – Mock Test Grant" which is admissible upto Rs.30,000/- per mock test.

No specific grant would be provided to accredited institution for conducting mock test.

The Branches and Regional Councils are required to maintain the Student attendance register records, which are to be daily signed by the students attending the mock test. The reimbursement would be made on the basis of the attendance record submitted duly verified by the Auditor of the concerned Regional Office or Branch.

Monitoring

- In order to ensure effective monitoring and smooth conduct of the mock test, the Board may depute the Regional Head/BoS Officials and / or authorize / engage a third party.

- The Organizing Centres would ensure compliance with the guidelines and give a report including students' feedback for after completion of each batch to the Director, Board of Studies in prescribed format which is enclosed herewith.

General Guidelines

- The blank answer books for the mock test would be provided by the organizing centres on the day of the test.
- Mock test answer books after evaluation can be returned to the students. The organizing centres can arrange one-to-one meeting with the evaluators to interact with the students and discuss with them about their weaknesses/performance in the mock test and guide them in improving so as to appear for the main examinations confidently.
- The organizing centres can provide the suggested answers to the examinees.
- Students can clear their doubts with the evaluators, faculty, if any after the mock test is over.
