

Preparations For CA Exams

A National Level Professional Course Exam

CA. Vikram Chhawchharia

It's a National Level Professional Course Exam

You Are Not Giving School Exams

So, expect a Good Question Paper & prepare Accordingly

- Subjects are updated on regular basis
- No Subject are useless – Real life applications of all subject
- Preparing for exams is not to just get pass but a carrier specific studies

After Results

- Both group or single group ? (Inter/Final)
- Don't Consider your previous (Result) marks as base for Next Attempt...
- You have to score from zero again
- Check out the area in which you are weak and where are not able to attempt in exam or score in exam.

Stages of Your Study :

- ✓ Concept
- ✓ Content
- ✓ Practice
- ✓ Presentation
- ✓ TEST
- ✓ Improvise

ICAI Exams

Start your Studies for Next Attempt :

- First Cover those chapter or subject which is tough for you & not the easy chapters

Need more practice & Time for Revision

- Take a through look at your past papers and find out the areas in which you have lose marks and make a list of those errors and work on it
- Don't just Join any Test series without working on the areas in which you are weak
- Test itself is not the studies - TEST is to check the error and to correct it ...but for that you have to prepare first
- Module is base for all subjects – Don't miss to Study Module - Specially in theory.

Types of Subject:

1.Theory

Auditing
EIS & SM

2.Practicals

Accounts
Costing
F.M

3.Technical

Income Tax
GST
Company Law

- Subject Wise study requirements are different –
- So Don't follow same study patter for all subject

- Solve Practical Questions without Looking at Answers in between
(most Common Mistakes Students Do)
- Remember You are not going to get the Answers in exams.
- **So Practice as per the Required Performance**
- Select imp sums for revision just before Exams
- Rather than giving multiple test for theory subject- write daily some pages –
it will develop your writing habit and confidence even better than test.

- Difference Between Books & Notes
- **Don't use readymade notes of Your Friends or Classes – it's a suicide note**
- Don't forget to prepare the theory of Practical subject. Like Cost & FM
- Costing - a logical subject requires more practice
 - having no specific format to solve
 - Students generally Don't solve much practical Questions in costing.

- Accounts is a subject with specific format with Technical specifications & details -
Need more concepts and Practice
- Auditing/EIS & SM or other theory subject - You don't need to learn word by word....but in your answer key words must be covered with the relevant points.
- Financial Management – Concept base Subject ..and Need More Practice
- Company Law /Income Tax /GST - is a technical subjects - Not Just Simple Theory

Study Schedule :

- Make overall schedule for next attempt but Make a day wise study schedule for 1 month and stick to it and after that make further day wise schedule
- Don't try to complete a single subject in a very short time and complete it rather practice 4/5 Hrs. regularly for about 1 month and revise in between
 - ✓ Take daily 3/4 Subjects for 30 to 40 days
 - ✓ Then Take 2 Subjects for Next 15 days and revise by writing some Answers
 - ✓ For the Next 15 days take 1 Subject and revise within 2 to 3 day with all possible topics

- Don't Watch TV or use Your mobile Phone (headphone) in Between Studies
- If you Want to take a brake – Take a power Nap of 20 Mints
- Your mind need rest (Recharge) ..don't make it more tire by using mobile or TV
- Eat healthy Food & Drink At least 12 Glasses of Water to Keep Your Body Active
- Take care of your health ..If you fall Sick during exams all you efforts will go in vain

Dates	Morning (7:00 am to 11:30 am)	Afternoon (12 noon to 4:30 pm)	Evening (5:00 pm to 7:30 pm)	Night (8:00 pm to 11:30 pm)

Exams Are not Tough –

We don't Prepare properly ...because Preparation is Tough

So prepare tough ... Exams will be Easy for You.

Success = Integrity + Hard work

Hard Work = (Concentration + Consistent + Patience)

All The Best For Exams..
